The peptide purity analysis reported here was conducted using LCMS/MS under standard laboratory conditions. This analysis is intended for informational purposes only and to provide a representative purity level. The peptide tested is not intended for human use. Any decision not approved for human or veterinary use, diagnostic, therapeutic, or clinical applications. Results should be interpreted by qualified professionals within the scope of their specialized research. The accuracy and reliability of the test may be influenced by sample integrity, handling, and other experimental variables.
